

DEED *n*digest

American Public Power Association

Celebrate 40 years of R&D!

StorageVET:

Helping utilities and customers evaluate, understand, and integrate battery storage technologies

Log into the DEED Project Database for details on this and nearly 800 other industry-changing projects DEED has funded.

IMPACTING THE INDUSTRY SINCE 2019

[Celebrating 40 Years of DEED Innovation –StorageVet: A tool to facilitate energy storage understanding and integration](#)

Through a DEED grant, New York Power Authority (NYPA) partnered with Electric Power Research Institute to use a public domain software, StorageVET, to simulate a year of storage system operations using multiple system designs and sites in order to measure impact on customer energy and demand charges and rank sites that would support the greatest customer energy savings.

Grant Applications Deadline Fast Approaching!

Would free money (aka a DEED grant) help solve a challenge at your utility? Take advantage of the fall funding cycle (open May 1 to August 15) to problem solve with up to \$125,000 in co-funding from DEED. Learn more about DEED funding [here](#) and get application tips from the [Utility Guide for Project Funding](#).

Please email DEED@publicpower.org if you do not already have login information to the grant [management site](#) where you can begin your application.

Leverage data for a safer utility with Safety Tracker

Introducing the launch of APPA's [eSafety Tracker](#) – an easy-to-use, web-based application for logging, benchmarking, and analyzing safety data to create a safer work environment for your employees.

Congratulations to the 2020 DEED Award Winners!

Each year the American Public Power Association presents [two awards](#) to DEED member utilities that embody the spirit of the DEED program in an outstanding manner.

This year's [winners that we are honoring](#) are:

Award of Continued Excellence

- American Municipal Power, Ohio

Energy Innovator Award

- American Municipal Power, Ohio
- Hearland Consumer Power District, South Dakota
- Lakeland Electric, Florida

Upcoming DEED Webinars

[Data-Driven Customer Segmentation for](#)

[Reducing Peak Power](#)

Knowing when power peaks will occur is important. Knowing what to do during peak power periods is even more important. This webinar will showcase research from New River Light & Power (NRLP) that focuses on improving demand response during peak power periods.

Recommended for utility staff interested in demand response, load management, data analytics, 'smart' communications, and engineering.

Speakers:

- Joseph Cazier, PhD - Project Manager

A chronological listing of DEED webinars is posted for DEED member only access [here](#). DEED webinars are provided free to DEED members. To find out if you are a DEED member, click [here](#).

DEED Board Opening

The DEED program is currently seeking nominations to fill an opening on the Board of Directors. This director will need to represent DEED members in Region 1 (Colorado, New Mexico, Utah, and Wyoming). The deadline to submit nominations is Monday, August 17, 2020. Read the full [Memorandum](#) for eligibility considerations and more information. Access the [Nomination form](#) here. Please email any questions to DEED@publicpower.org
