*Public Power Week is an annual national observance coordinated by the American Public Power Association. The American Public Power Association is the voice of not-for-profit, community-owned utilities that power 2,000 towns and cities nationwide. The Association represents public power before the federal government to protect the interests of the more than 49 million people that public power utilities serve, and the 93,000 people they employ. It advocates and advises on electricity policy, technology, trends, training, and operations. Its members strengthen their communities by providing superior service, engaging citizens, and instilling pride in community-owned power. More at [www.PublicPower.org](http://www.PublicPower.org)*
