AMERICAN PUBLIC POWER ASSOCIATION

AMERICAN
PUBLIC POWER
ASSOCIATION
Powering Strong Communities

Destin, Florida

What is the Joint Action Conference?

It's public power's meeting for joint action agency CEOs and senior managers and their board and commission members to meet and discuss emerging policy, regulatory, and power supply issues, and other topics related to the governance and management of joint action agencies.

Why should my company sponsor this event?

As a sponsor, you'll enjoy exclusive speaking, networking, and branding opportunities with decision-makers in cybersecurity, disaster preparedness, finance, governance and management, legislative and regulatory issues, power supply, reliability, and infrastructure.

What is the American Public Power Association (APPA)?

The American Public Power Association is the voice of not-for-profit, community-owned utilities that power 2,000 towns and cities nationwide. We represent public power before the federal government to protect the interests of the more than 49 million customers that public power utilities serve, and the 93,000 people they employ. Our association advocates and advises on electricity policy, technology, trends, training, and operations. Our members strengthen their communities by providing superior service, engaging citizens, and instilling pride in community-owned power.

Save money on this event! Become a corporate associate member.

Corporate associate membership distinguishes your company as a lead supporter of public power and provides tangible benefits that get your name in front of the nation's 2,000 community-owned electric utilities. We offer two levels—standard and Elite—to fit your needs and budget. Both options provide your employees with significant benefits, but with an Elite membership you are given extensive branding and networking opportunities. Learn more at www.PublicPower. org>Join.
