ABOUT APPA

What is the American Public Power Association (APPA)?

APPA is the voice of not-for-profit, community-owned utilities that power 2,000 towns and cities nationwide. We represent public power before the federal government to protect the interests of the more than 55 million customers that public power utilities serve, and the 100,000 people

they employ. APPA advocates and advises on electricity policy, technology, trends, training, and operations. Our members strengthen their communities by providing superior service, engaging citizens, and instilling pride in community-owned power.

View this video to discover how public power professionals and industry partners derive value from APPA sponsorship packages and exhibit opportunities.

Thanks for your interest in supporting public power! We look forward to helping you make inroads with decision makers and influencers at the nation's 2,000+ community-owned utilities.

INCREASE YOUR SALES BY REACHING PUBLIC POWER DECISION MAKERS!

Become a Corporate Associate Member

Your path to successfully selling into the public power market starts with APPA membership. There is a strong preference among utility executives to do business with companies that are APPA associate members. Choose between two levels – standard and Elite — to fit your needs and budget. Both options provide significant benefits, but Elite membership provides extensive branding and networking opportunities.

Host a PublicPowerX Webinar and Podcast

Stand out as a thought leader and drive interest in your business by hosting a PublicPowerX webinar and podcast. You choose the topic and provide the speakers, and we'll market the webinar extensively to your target audience at 2,000 public power utilities. When the webinar is over, we'll turn it into a podcast and share it on our PublicPowerX channel.

Advertise in *Public Power* Magazine and Other Influential News Channels

APPA's periodicals are rated as the #1 source of electricity news by 94 percent of public power utility executives, featuring editorial content readers can't get anywhere else. Members and other energy stakeholders look to our publications as the first stop for information, resources, and case studies.

Get Noticed with PublicPower.org Web Banners

Grow your business with strategically positioned banner ads on the highly acclaimed and heavily trafficked [PublicPower.org](https://www.publicpower.org) website. You can refresh your ad monthly, drive visitors to your landing pages, and track ad performance in real time. PublicPower.org averages 78,000 visits per month and 110,000 ad impressions per month.

Increase Brand Awareness with a Featured Listing on the Public Power Suppliers Guide

The [Public Power Suppliers Guide](#) is public power's online marketplace to learn about products and services for electric utilities. The guide is searchable by keyword, location, and product/service category. The only way to appear in the guide is to become an [APPA Corporate Associate Member](#). Boost your company's exposure by upgrading to an Elite Associate member and elevate your company's listing.
