WHAT IS THE AMERICAN PUBLIC POWER ASSOCIATION?

We're the voice of not-for-profit, community-owned utilities that power 2,000 towns and cities nationwide. We represent public power before the federal government to protect the interests of the more than 49 million customers that public power utilities serve and the 93,000 people they employ. Our association advocates and advises on electricity policy, technology, trends, training, and operations. Our members strengthen their communities by providing superior service, engaging citizens, and instilling pride in community-owned power.

WHAT IS THE NATIONAL CONFERENCE & PUBLIC POWER EXPO?

It's public power's largest annual meeting and THE place for industry suppliers to gain exposure with municipal utility CEOs, senior executives, and policymakers. Through pre-conference seminars, keynote addresses, and breakout sessions, the conference provides broad-based education on the most critical issues facing public power.

WHY SHOULD MY COMPANY PARTICIPATE?

You'll meet people who make decisions on investments for their utilities. An integral part of the conference, the Public Power Expo is a much-anticipated event for attendees who want to learn about the latest offerings in customer service, cyber and physical security, disaster preparedness, energy efficiency, finance, governance & management, legislative & regulatory issues, power supply, reliability & infrastructure, etc.

THANK YOU 2018 SPONSORS!

Experience. Passion. Solutions.
