

## Publicly Owned Electric Utilities Established 2008-2018

**During this period 4 new public power utilities began operating (4 were formed from the service areas of investor-owned utilities). This list does not include communities that were previously served by investor-owned utilities or rural electric cooperatives and instead joined existing public power systems.**

<b>New Utility Formed</b>	<b>State</b>	<b>Year Est.</b>	<b>Previous Supplier</b>
Jefferson County, Wash. (18,000 customers)	WASHINGTON	2013	Puget Sound Energy*
Toledo Public Power (1 customer)	OHIO	2012	First Energy*
City of Egegik (77 customers)	ALASKA	2011	Egegik Light & Power Company*
City of Atka (42 customers)	ALASKA	2008	Andreanof Electric Corporation*

“Customers” refers to the number of customer-meters served. The population served would be some multiple of this number.
